

PLAN TO DESTROY
TURKISH FORCESBulgarians Trying to Isolate Big
Ottoman Army.

CAPTURE STRONG POSITION

Brief Sofia Dispatch Says Bulgarians
Have Taken Eski-Baba, an Important
Position on the Main Line Between
Constantinople and Adrianople—Turks
Preparing to Take the
Offensive.London, Oct. 28.—A brief Sofia dispatch
announces what may prove to be the
most important move of the
victorious Bulgarian army so far, the
capture of Eski-Baba. The dispatch
describes this town as an important
position on the main line between
Adrianople and Constantinople, but
omits to say whether the Bulgarians
are in actual possession of the rail
way station.If they are astride the railway at
this point they have cut the com-
munications between Constantinople
and Saloniki. With 40,000 Turkish
troops now in Adrianople it had been
supposed the Turkish forces, after the
fall of Kirk-Kilis, were holding the
line from Kuleburgas to Luleburgas,
a short distance east of Eski-Baba.The Bulgarian plan of campaign, ac-
cording to the well informed corre-
spondent of the Vienna Reichspost at
the headquarters of the second Bul-
garian army, will be the complete de-
struction of all the Turkish forces
along the Maritza river, and those re-
treating across the Erkeno river.He describes General Dimitrieff's
army as advancing on a broad front,
the right flank along a line from
Yendile to Eski-Baba, the western
column already in the vicinity of Ka-
rakli. The eastern wing, in forced
marches, is effecting a great turning
movement by way of Banarhisar,
Vlas and Serai towards the road from
Luleburgas to Choriou.The correspondent says there still
are large forces of Turks north of the
railway line, with others at Choriou
and Istrandia. Detached Bulgarian
forces have been despatched in the
direction of these places and Mila, on
the coast.

Trying to Corner Turks.

The intention is to cut the Turk-
ish army off from the capital and
force it toward the seashore and there
compel it to capitulate. He describes
the attack on Adrianople as making
excellent progress and predicts its
successful conclusion within a week.
A Bulgarian column from the Ardia
valley has occupied Salpistalar and
Emirli. Another report announces the
occupation of Pashmakli.Nazim Pasha, the Turkish minister
of war and commander-in-chief, is
said to have reached Choriou. A dis-
patch from Constantinople declares
that the army is preparing to take
the offensive and that the cabinet has
elected to prosecute the war with the
most energy and prepare for a winter
campaign should the present op-
erations result unfavorably for the Ot-
toman army.There is no indication where the
Turks will make a stand. They are
everywhere falling back before the
fictitious allies. They evacuated the
town of Istip, in Macedonia, without
assistance, although it occupies a
strong natural position.In the Bulgarian diplomatic quarters
in London it was stated that Bul-
garia, far from assuming that the war
is approaching a conclusion, has sum-
moned another 80,000 reservists to
be colors.Turkish diplomats do not conceal
their disappointment and surprise at
the results of the campaign, but they
point out that the main Turkish army
as not yet been engaged, much less
defeated.

EIGHTEEN OFFICERS KILLED

Greek Losses in Battle of Pass of
Sarandaporo.Athens, Oct. 28.—The losses of the
Greek army in the battle at the Pass
of Sarandaporo were eighteen officers
and nineteen soldiers killed and forty
officers and 1,037 men wounded.The Turkish losses were very heavy.
The civilian population in Mace-
donia is stricken with panic and many
of the families are migrating to
Egypt.

Scutari Reported Captured.

Paris, Oct. 28.—A special Rome dis-
patch says that advices were received
here that Scutari had capitulated.

MAKES BIG CUT IN TAXES

Wisconsin Will Collect \$1,172,877 Less
Than Last Year.Madison, Wis., Oct. 28.—The secre-
tary of state has finished the compila-
tion of the state tax and special
charges by counties to be collected in
February, 1913. The total state tax is
\$5,667,112, against \$2,790,588 last year.
The decrease is due to the state tax, spe-
cial charge, the repayment of loans is
\$495,887.93, or \$1,172,877 less than
last year.The decrease is due to the remis-
sion of the state university, normal
school and state capitol levies.

GENERAL FELIX DIAZ.

of Mexican Rebel.

SENTENCE CAUSES SENSATION

Three Other Officers Are Also Sched-
uled to Be Shot, While Several
More Are Given Terms in Prison.
Strenuous Efforts Are Being Made
to Save the Life of General Diaz.Vera Cruz, Oct. 28.—General Felix
Diaz, leader of the recent revolt here,
and Major Zerata, Colonel Antonio
Migoni and Lieutenant Lima, officers
under Diaz in his attempt to over-
throw the government, were con-
demned to death by the court-martial.
Lieutenant Camache, Captain Mayen
of the rural guard and Captain Her-
millo Martinez were sentenced to ten
years' imprisonment and Gabriel
Ramos, customs collector, and Her-
nan Argostegui, censor of telegrams,
were sentenced to two years' im-
prisonment. Nine other officers and civil-
ians were allowed to go free.The court-martial, which was pre-
sided over by General Davila, sat in
secret session. The sentences caused
a sensation. A great crowd, includ-
ing relatives and many friends of the
accused men, gathered outside the
building where the court sat and wait-
ed for hours for the findings, notwith-
standing a heavy rain storm.

Suspends the Execution.

General Davila refused to acknowl-
edge the orders of the district judge
to suspend the proceedings in the case
of General Diaz and Major Zerata.
General Beltran, military commander
of the zone, however, accepted a writ
of habeas corpus and suspended the
executions, leaving the prisoners tem-
porarily at the disposition of the dis-
trict court.It is thought probable that Colonel
Migoni and Lieutenant Lima will be
shot without much more ado. The
proceedings of the military court have
been criticized generally as being very
deficient. Public opinion has been
strongly against a military trial for
General Diaz. It is openly asserted
that the prisoners had an inadequate
defense and no investigations have
been made so far as to why the fed-
eral troops entered the city with white
flags flying and the greeting, "Long
live Diaz."Colonel Diaz Ordaz and Captain
Cuesta were among the leaders of the
rebellion who escaped. It is thought
that they will join the Oaxaca rebels.
General Diaz had more than 1,000 men
under his banner, 300 of whom were
made prisoners.

STRONG POPULAR PROTEST

Prominent People Are Trying to Save
Diaz' Life.Mexico City, Oct. 28.—Friends of
Diaz still fear for the consequences
of the conflict of authority which has
arisen between the judiciary and mili-
tary courts. If the military court ob-
serves the order of the civil authori-
ties the final disposition of the case
will be long postponed. But it would
be no surprise to thousands here to
receive a message announcing the ex-
ecution of the rebel general and his
associates. Efforts to save their lives,
especially that of Diaz, continue un-
abated. Prominent women, men and
even high army officers have ap-
pealed to President Madero for clem-
ency. But to all he has given the
same negative answer.

WILSON ISSUES STATEMENT

Urges Voters to Pay Attention to
Legislative Ticket.Princeton, N. J., Oct. 28.—Governor
Woodrow Wilson issued a statement
calling upon voters in the several
states where United States senators
are to be chosen to vote for the Demo-
cratic legislative ticket. The state-
ment says:"I am particularly anxious that the
Democrats of those states in which
senators are to be chosen should re-
member that the control of the gov-
ernment depends as much upon the
majority in the senate as upon the
presidency itself. I hope that in those
states, particularly, special attention
will be concentrated upon the neces-
sity of obtaining a majority in the
state legislatures."The nominee said the states he had
in mind were New Jersey, Colorado,
Illinois, Idaho, Iowa, Montana, Dela-
ware, West Virginia, Wyoming and
Nevada.

ing in the building.Firemen so far have been unable to

med in on upper floors, their ladders

LEGISLATIONGreater Efforts to Pass the
Pending Bill Will Be Made.

RESULT OF SHOOTING T. R.

There May Be Enough Opposition to
Restrictive Laws to Prevent Action
In the Short Session—General Belief
In Washington That Roosevelt Is
Coming Back Some Day.

By ARTHUR W. DUNN.

Washington, Oct. 28.—[Special.]—
There will be renewed efforts to pass
the immigration bill now pending in
the house when congress assembles,
and it will be insisted that our lax im-
migration laws make it easy for the
admission to this country of the Czol-
goszes and Schanks and others who
use assassination as a means of trying
to correct what they conceive to be
governmental evils. And yet it is very
difficult to pass a bill which has been
hung up as long as that immigration
measure.In the short session it will be very
easy to prevent consideration of any
bill by a determined minority.

Restriction Unavailable.

The opponents of the bill can make
a plain case that restriction such as
proposed in the bill would not keep
out those anarchists and others who
believe in assassination. The pending
bill contains an educational test, but it
is not the uneducated foreigner who
proves so undesirable. What ought to
be done, if possible, is to require a test
which will show the character of in-
tending immigrants, what they have
been at home, their records as citizens,
and then admit only those who have a
clean bill of orderly conduct.

The Test Riders.

I can find you a lot of men who do
not want Roosevelt for president again
and who will be glad when certain
Roosevelt policies are abandoned. I
refer to the army officers who are
obliged to take test rides to determine
their physical fitness to remain in the
service. Officers who never ride any-
thing more dangerous or vigorous than
a swivel chair year in and year out do
not like the idea of mounting a cavalry
horse and riding thirty miles a day for
three successive days. As they twist
and turn in the saddle, trying to find
ease or relief, they find consolation in
their hope that Roosevelt will not be
elected this fall.

"But He's Coming Back."

No matter what may happen this
fall there is a general belief in Wash-
ington that Roosevelt is coming back,
if not after the election this year then
certainly in 1916. The fellows who
judge politics by their "feelings" are
as sure that Roosevelt will come back
as they are that there will be an elec-
tion four years hence. They are also
equally sure that it is not necessary
to add the words, "if he lives and keeps
his health." They are as sure that he
will live as they are that he is coming
back to the White House.

"Old War Trails."

One of the army officers who have
been devoting themselves to promoting
Mexican war scares from war depart-
ment sources made a speech not long
ago and said that if the United States
intervened in Mexico "the army would
follow the old war trails of 1847."This country does not want to "fol-
low the old war trails." This country
wants to keep out of war, and espe-
cially does it want to keep out of war
with a country whose territory we do
not want and whose people we could
not govern if they should come under
our flag. Our experience with alien
peoples since the Spanish war ought to
make us keep away from Mexico.

"Freedom of the Press."

The supreme court will pass upon a
very important matter when it decides
the contention over the Barnhart
amendment in the last postoffice ap-
propriation bill. "The freedom of the
press" seems to have become involved
in the legal contentions, and it is a
nice question whether congress may
say that if a newspaper is to be admit-
ted to the mails it must conform to
certain requirements which congress
may prescribe. Just whether admis-
sion to the mails is a right or simply
a favor conferred by congress is for
the courts to determine.

P. M. G. Is Supreme.

In many particulars the courts have
held that the postmaster general is su-
preme in almost everything regarding
the mails. Although there can be no
question about there being rank dis-
crimination in sending one class of
mail by freight and another by fast
mail, yet the courts have held that it
is in the power of the postmaster gen-
eral to determine just what he will do
in that matter, and the laws against
discriminations do not apply to the
postal business.

Filipino Press Agents.

"The little brown brother" is getting
into the publicity game. A publica-
tion has been issued in behalf of the
Filipinos advocating their independ-
ence and telling how much better off
they would be if our people would vac-
ate the islands. Then comes the mys-
terious government press agency,
which shows the other side of the pic-
ture. It is suspected that somewhere
in the insular bureau of the war de-
partment these favorable notices are
written by a press agent.

Almost.

asol of being so.—Exchange.

Vice President's Condition Said to Be
Critical.Utica, N. Y., Oct. 28.—The condition
of Vice President James S. Sherman
is reported very much worse. He is
unconscious and fears are entertained
that the attack may be the most seri-
ous that he has had. He is suffering
from gall stones.BECKER TELLS HOW
HE BECAME WEALTHYConvicted Police Officer Makes
Detailed Statement.New York, Oct. 28.—The story
which Charles Becker, the former
police lieutenant, convicted of the mur-
der of Herman Rosenthal, says he
wanted to tell on the stand at his trial,
was related in detail by Becker from
his cell in the Toms. Had he been
allowed to tell this story, he claims,
the verdict of the jury would have
been different.Becker talked for two hours. He
denied that Bald Jack Rose, who was
the state's chief witness, was his
"graft collector," declaring Rose was
his "stool pigeon," who furnished evi-
dence on which he made scores of
raids. He gave an account of his
finances in an effort, he said to show
that he had not hoarded gamblers' tribute.Becker's \$29,500, which he says was
all he and his wife had when Rosen-
thal was killed, was accumulated, ac-
cording to the former policeman as fol-
lows:

\$5,000 from Laura Becker, a sister,

before she died.

\$15,000 from John Finnegan, a friend

of his wife, who died after giving

her this amount.

\$5,000 saved by Mrs. Becker.

\$2,500 Mrs. Becker's father gave

her.

\$2,000 Becker saved himself.

"All this money we had saved," said

Becker. "It was withdrawn on July

30 from the banks where we depos-
ited. That was the day after I was ar-
rested."

TWO SLAIN NEAR DULUTH

Laborers Were Evidently Assailed by
Highwaymen.Duluth, Oct. 28.—The bodies of two
laborers, recently murdered, were
found in the woods near Alger, a
small station on the Duluth and Iron
Range road, forty miles north of here.
One of the victims was Edward Theis.
The other is not identified.They were evidently assailed by
highwaymen on the right of way and
killed with a bludgeon. The pockets
of the men's clothing were turned in-
side-out and their watches are miss-
ing.

SPENDS BIRTHDAY INDOORS

Roosevelt Celebrates Fifty-fourth An-
niversary Quietly With Family.Oyster Bay, N. Y., Oct. 28.—Sunday
was Theodore Roosevelt's fifty-fourth
birthday and he celebrated it quietly
indoors with his family. Mrs. Roose-
velt, Miss Ethel, Theodore, Jr., and
his wife and Quentin sat down at the
table for the birthday dinner with the
head of the family. Kermit, Archie
and Mrs. Nicholas Longworth were
unable to be there. In the afternoon
Oscar Straus, progressive candidate
for governor of New York, and Mrs.
Straus came from New York by auto-
mobile. Colonel Roosevelt asked Mr.
and Mrs. Straus to stay for tea, but
they felt it would be better for the
family to rest and remained only a
few minutes.

Fatal Wreck in Illinois.

Decatur, Ill., Oct. 28.—Three men
were killed and five injured in a col-
lision between a freight and a work
train one mile south of Worden, Ill.,
on the Decatur and St. Louis division
of the Wabash railroad. Those
killed were J. D. Dorris and S. Smith,
both firemen, and J. M. Schmidt, a

PERKINS ATTACKS HILLES

Charges Republican Chairman With
Soliciting Funds in Wall Street.New York, Oct. 28.—Accusing Charles
D. Hilles, chairman of the Republican
national committee, of soliciting funds
in Wall street, George W. Perkins,
chairman of the Progressive national
committee, declared that no man who
would allow Hilles to manage his
campaign was fit to be president."While Hilles was contemptibly ly-
ing and spreading falsehoods that I
had financial interests behind me in
the Progressive movement he knew that
the Republicans were receiving large
contributions from those very
sources," declared Perkins.

"It is contemptible beyond words."

SOLDIERS PATROL HAVANA

Town Practically Under Martial Law
to Prevent Disorders.Havana, Oct. 28.—While not actual-
ly under martial law the city of Ha-
vana now is under absolute military
protection against disorders arising
from the heated political campaign. In
accordance with orders issued by
General Pablo Mendila, who was ap-
pointed by President Gomez to take
charge of all the police and military
forces in the capital, the streets were
patrolled by police and mounted and
foot rural guardsmen. In addition de-
tachments of regular troops of all
arms were stationed at various strate-
gic points ready to respond instantly
to a call to suppress rioting.

Street Car Kills Merchant.

Duluth, Oct. 28.—Anthony Hanson,
a storekeeper of West Duluth, was
killed by a street car. The car was
run by a strikebreaker and it was
his first day on the job. He is under
arrest, charged with manslaughter.
He admitted to the police that he did
not know how to drop the fender.

Kills Children and Himself.

Paonilo, Colo., Oct. 28.—C. O. Fox, a
rancher, shot and killed his six-year-
old daughter, four-year-old son and
four-month-old babe and then ended
his life. The bodies were discovered
by Mrs. Fox, who returned home an
hour after the shooting.

Gas Engines in High Altitudes.

A gas engine was erected several
thousand feet above sea level. The en-
gine did not give the power expected
and it was concluded that the loss was
due to the altitude of the station. Upon
investigation of the theoretical and
practical considerations involved it was
found that there is a loss of about 1
per cent of the indicated horsepower
for each 1,000 feet of increase in eleva-
tion. The effect with a low ratio of
compression is slightly less than with
a high degree of compression.—Science

MAKES REPLY TO LETTERS

Chief Executive Combats the Argu-
ment That Plan Will Be of Benefit
Only to Big Farmers and Calls At-
tention to How the System Is Being
Successfully Operated in Germany.Washington, Oct. 28.—President
Taft continued his campaign for farm-
ers' co-operative banks and agricul-
tural credits by making reply to let-
ters that have reached the White
House intimating that the plan would
benefit only the big farmers. The
president quoted from the report of
Ambassador Herriek's statistics show-
ing the business done by the Raiffeisen
banks of Germany."The size of the average deposit for
these institutions is around \$370,"
said the president. "The average loan
they make amounts to only \$150 and
the membership of the Raiffeisen
banks averages ninety-five farmers. It
is plainly evident from these figures
that this is not a 'big farmers' plan.'"
In my letter to the governors the first
recommendation which I made is for
the adoption of some such form of co-
operative credit."On the contrary, the adoption of
co-operative credit in this country
will be of great advantage to the small
farmer. It was in the interest of the
peasant farmer of Europe that this
plan was established. Massachusetts
already has a law permitting the es-
tablishment of co-operative societies
of this type. Under this law the My-
rick Credit union of Springfield, Mass.,
was organized, I think in 1909, and in
twelve months it had 105 members, a
capital of \$3,000 and \$10,000 of out-
standing loans."The results obtained by the adop-
tion of this form of co-operative credit
in Germany speak plainly enough of
its usefulness. There is one bank for
every 1,600 of population in Germany.
Rates of Interest Lower.
"The rates of interest charged is
frequently a point or two lower than
in commercial circles, yet the banks
make a fair profit, which in the case
of the Raiffeisen banks is all carried
over as a reserve fund, so that each
year these banks are strengthening
their position and becoming a more
important factor in the empire. The
total of business done annually is as-
tonishing. It is in the neighborhood
of \$5,000,000,000."The principle upon which these
banks are conducted is not unknown
in the United States. Our mutual life
insurance societies, fraternal aid so-
cieties and building and loan associa-
tions have met with good success.
Four-fifths of the savings of the peo-
ple today are deposited in mutual
savings banks which are organized for
much the same purpose of the small
co-operative societies of Europe."Only in the United States the op-
erations of these institutions are con-
fined largely to the cities. The co-
operative society which I recommend
would afford a mutual savings insti-
tution devised particularly to give
banking facilities to farmers for small
loans on personal credit for short
time. The farmers themselves would
control the management of these so-
cieties."Of course, mere legislation cannot
bring these societies into being. It
will require time and most of the
work will have to be done by the
farmers themselves. That is as it
should be, for unless the farmers
themselves made the effort I doubt
very much whether the idea will ever
be successfully established in such a
country as the United States."

TAFT BACK AT WASHINGTON

Will Keep in Touch With Politics
From Now on.Washington, Oct. 28.—President
Taft got back to Washington after an
absence of nearly two months. With
the exception of engagements in New
York and Newark and one in Cincin-
nati, the president has nothing in
prospect to take him away from the
capital. It is probable he will spend
much of his time here after election
writing his annual message to con-
gress and dealing with problems that
have arisen since he left for Beve-
rly late in August.The president has not kept in close
touch with political developments un-
til the last few weeks, but it is known
that many reports made to him lately
were encouraging and he takes an op-
timistic view of the outcome of the
election.

small earnings and passed through
Brainerd on their way to join the
colors of their old regiments in
Greece to fight against Turkey. If
this keeps on General Manager Gem-
mell is doubtful if he will have a
single Greek left on the M. & I. ex-
tra gangs.
Big debate, arranged by Col.
Freeman Thorp, takes place at Pe-
quet this evening. The program
made includes an address by a dem-
ocrat, one by a Bull Moose advo-
cate, one by a socialist and the closing
argument by Col. Thorp speak-
ing for the republicans. Col. Thorp
is a personal friend of President
Taft and a most entertaining and
convincing speaker. Many Brainerd
people anticipate attending the
debate.

PAPE'S DIAPEPSIN**
Time It! In Five Minutes You Will
Wonder What Became of the Gas,
Sourness and Indigestion
Sour, gassy, upset stomach, indiges-
tion, heartburn, dyspepsia; when the
food you eat ferments into gases and
stubborn lumps; your head aches
and you feel sick and miserable,
that's when you realize the magic in
Pape's Diapepsin. It makes such
misery vanish in five minutes.
If your stomach is in a contin-
uous revolt—if you can't get it regulat-
ed, please, for your sake, try Diapep-
sin. It's so needless to have a bad
stomach—make your next meal a
favorite food meal, then take a little
Diapepsin. There will not be any
distress—eat without fear. It's be-
cause Pape's Diapepsin "really does"
regulate weak, out-of-order stomachs
that gives it its millions of sales
annually.
Get a large fifty-cent case of Pape's
Diapepsin from any drug store. It
is the quickest, surest stomach relief
and cure known. It acts almost like
magic—it is a scientific, harmless and
pleasant preparation which truly be-
longs in every home.

REPORT OF THE
CITY SCHOOLS

As Made by Supt. W. C. Cobb for the
Month Ending October 25th,
1912

HIGH SCHOOL'S GOOD RECORD

Cooking Department Well Under
Way—Sewing Machines Hum-
ming—Writing Improving
Supt. W. C. Cobb of the city
schools has given the Dispatch the
following report regarding the
schools for the month ending Octo-
ber 25th. In fewest cases of tardiness
the high school leads with the
almost unprecedented record, for so
large an enrollment, 99.5 per cent
with two cases of tardiness. The
record by buildings:
Bldgs. Enroll. Belong Tardy Att
Washington 512 487 13 99.5
Whittier 201 187 3 98.4
Lincoln 287 272 12 98.1
Lowell 440 423 10 97.3
Harrison 327 318 3 96.9
For all schools: Enrolled boys 839,
girls 928, total of 1767. New entries
for October are 44. Belonging at
close of month 1687. Cases of tar-
diness 41. Average daily attend-
ance 1648. Percent of attendance
97.5. Teachers tardy 2. Time lost
by teachers 4 1/2 days. Cases of phy-
sical punishment 3. Cases of tru-
ancy reported 1. Number of fire
drills 8.
The high school has enrolled 82
boys and 150 girls, a total of 232,
and at the close of the second month
has belonging 232. During the
month the cooking department got
well under way and the girls in
their kitchen uniforms each day pre-
sent a busy appearance. Come and
see for yourself.
The sewing department is no less
active and now the hum of two
sewing machines impresses one with
the fact that industrial training is
finally started in the Brainerd
schools.
Each Friday afternoon Mr. Callan
of the commercial department, has
been visiting a grade building to in-
spect the writing in the upper grades
and to offer suggestions to teachers
and pupils looking toward better
work in penmanship.
The several school houses are each
working for the building up of a
good grade library in the building
and the present week will bring \$100
worth of grade reference books from
the library aid fund for grade li-
braries. A suitable library case will
be placed in each building. During
the month Governor Burke gave an
interesting and helpful talk to the
high school pupils, and other speak-
ers will be heard from time to time
in the assembly room. Parents are
urgently requested to carefully read
the monthly report cards before sign-
ing and returning them to the school.
Come out to the general teachers'
meeting, the first Tuesday of each
month and talk over with us mat-
ters of common interest. A "get to-
gether" oftener between parents and
teachers would be worth while.
Special mention should be made
this month of the room and teacher
in the Whittier building that at-
tained 100 per cent of attendance.
Miss Lowey and her pupils are to be
congratulated for again showing the
possibility in the matter of perfect
attendance.
The new dramatic literary read-
ers for which the grade teachers
have been anxiously waiting for
some time have just arrived and will
add much to the good reading ma-
terial for the grades.
The school orchestra recently or-
ganized by Mr. Prescott bids fair to
become one of the most interesting
and enthusiastic of our school ac-
tivities. There are nine pieces in
the orchestra and since the arrival
of their music all have been eager
and prompt to attend rehearsals.
You will see and hear more of them
as the year advances.
The following is the attendance
record for the month by rooms:

JUMPS ON RUSTY
SIDEWALK NAIL

While working on a well digging
machine a Minnesota man jumped
upon a rusty sidewalk spike. The
nail drove part of his black woolen
sock far up into his foot. He re-
moved as much of the sock as he could,
put on Allen's Ulcerine Salve, and
kept right on with his work. The
salve drew out parts of the sock and
all other poisons and in a week his
foot was healed up.
This salve is one of the oldest reme-
dies in America and since 1869 it
has been known as the only salve
powerful enough to cure chronic ul-
cers and old sores of long standing.
Allen's Ulcerine Salve acts by draw-
ing out the poisons and healing the
sore from the bottom up. It is so
powerful that it heals new cuts and
sores in one-third the time that com-
mon salves and liniments take. And
it heals scalds and burns without a
scar.—Adv.

PINNED TO EARTH BY BROKEN AXLE

Dr. F. M. Bell's Aeroplane Hits Rock
Sunday in Sea of Uncharted
Stubble Field

TWO WIVES ARE DISAPPOINTED

Woman Struck by Aileron—Bell
Will Attempt Second Flight
4:30 This Afternoon

With his six cylinder two cycle engine tuned up to 40 miles an hour, the Brainerd crowd closed in on Dr. F. M. Bell as he essayed a flight a mile east of town. A woman was struck by the aileron, or balancing wing on the left side of the planes, as claimed by the doctor and the airship was swerved to the crowd.

The aviator gave his machine a quick turn to the right to avoid cutting into the crowd and slicing up a dozen or more by the whirling propeller. As he did this, he claims his aeroplane ran on to a rock in the field.

The axle of his running gear was broken. The tail tilted up and the propeller came within a few inches of being smashed to splinters on the big rock imbedded in the stubble field.

Bell himself was in more danger than any one in the crowd anticipated. For him to make a flight with one of his balancing wings slightly damaged would be, he said, about as foolhardy an attempt to fly as a clipped pigeon. So there was no aeroplane flight Sunday afternoon.

One of the largest crowds ever seen in Brainerd filled Oak street from the Dodd farm to the Tenth street railway crossing. Tops of houses, hay stacks, roofs of shop and foundry buildings, every point of vantage was crowded with people. Farmers came for miles to see Bell fly and were deeply disappointed when his machine did not even lift from the ground. Miners and mining captains made the trip specially to Brainerd to see the aeroplane fly through the blue sky and equal the success he attained at St. Cloud where the St. Cloud Journal-Press both spoke very highly of his performances.

MUSIC AND DRAMA

"The City"

One of the largest audiences of the season witnessed Saturday night's performance of "The City" at the Brainerd opera house. Clyde Fitch's last and greatest success was most ably presented by Hugo B. Koch and his company of players. As George D. Rand, Jr., the star, Mr. Koch, displayed great histrionic ability. Every act had its climax and interest in the complex situations evolved was sustained to the end. The play as a whole shows the effect the city had on the Rand family, and what characteristics were there revealed by these people in their association with others of a different sphere and viewpoint of life.

Daniel Fager as George Frederick Haddock, Thomas L. Volle as Albert Vorhes, Miss Jeanette Garnett as Cicely and Miss Marie Dunkle as Teresa gave especially good interpretations of their roles, in fact each role was in adequate hands, and as the play was beautifully staged, it was a most pleasing production.

MAJOR RUFFEE PASSES AWAY

Major Charles A. Ruffee, aged 74, was found dead in bed this noon at his home 303 Broadway north by a friend who had brought him, as usual, some cooked food supplies. The major made his home alone and had a friend officiate as his housekeeper. Prominently identified with the early pioneer days of the northwest, Major Ruffee was at various times an Indian fighter, a mail carrier traversing the territory between Bismarck and Fort Abercrombie and later Indian agent at the White Earth reservation. He had no relatives here, but is said to have had a brother and sister residing in Pennsylvania. Attorney C. A. Allbright attended to his legal affairs. The major drew a pension for his participation in Indian wars. He was a Mason and it is not known if he was affiliated with any other orders. No funeral arrangements have been announced at this time.

SHOOT SWAMP LION

M. & I. Boys Relate Story of Adventure Which Befell Claim Agent Fred Miller

Saturday evening Fred Miller, the popular M. & I. claim agent, made a hunting trip to the wilderness of swamps and forest about eighty miles north of Brainerd on his new electro-hydro oilless car. After a hard night's journey through the thickets and cedar swamps he and his companions were approaching the lake where they expected to get a day's shooting, when he suddenly encountered a swamp lion and after a fierce struggle he succeeded in laying it low. Mr. Miller had the animal shipped to Brainerd and will have it mounted by Mr. Grossman. This is a very rare species and seldom seen in this vicinity. It is also noted for its ferocity and Mr. Miller is to be congratulated on his narrow escape.

Strawberries Yielding a Second Crop
This Season and Being Picked

PLUM TREES ARE BLOSSOMING

Phenomenon Visible on South Side
of Brainerd Where Trees Bank
on Approaching Spring

Brainerd is certainly in the banana belt this October and has Florida and other centers of ideal fall weather backed off the boards.

From various sections of the county, from Long Lake township, Deerwood, parts of Brainerd, come the reports of second crops of strawberries, tame and wild. Weather records make it apparent that this October has been the warmest one experienced by this county in the last 20 years.

The story of two crops of strawberries in a year is beaten by the blossoming plum trees on the south side. The warm weather has so deduced these fruit trees that they firmly believe that another spring, and an early one at that is on hand. Sap is running and leaves have sprouted and the blossoms followed.

With such delightful weather in Crow Wing county, one still finds a few kickers who say there is 10 months of winter and two months of bad weather in this county.

FIRST HYDRAULIC MINING ON RANGE

Special to Dispatch:

Little Rabbit Lake, Minn., Oct. 28
The first hydraulic mining on the Cuyuna iron range has been done by the Carlson-Williams interests in sections 18, township 46, range 29 when powerful duplex pumps run by electric power furnished by the Cuyuna Range Power Co. cut away 1000 yards of dirt in 12 hours. This was the first or trial run made. When all things are properly adjusted the company expects to handle as much of the overburden with its two pumps as two steam shovels could do. The equipment consists of two 100 horse power motors each connecting with duplex pumps delivering 2,000 gallons of water per minute under 50 pounds pressure. The dirt is carried away in a large flume.

BRAINERD BEATS LITTLE FALLS

Wins Saturday's Football Game by
16 to 8 Score in An Exciting
Game Before Large Crowd

A large crowd of football enthusiasts turned out to see the annual contest between the local high school football team and their old rivals from the Little Falls high, the game taking place at the Koering grounds on Saturday afternoon.

With the sting of the overwhelming defeat at St. Cloud still rankling in their bosoms, the locals put in the hardest week of practice last week that they have experienced this season. And the players surely showed the effects of the thorough drilling. Some fumbles and misplays were made, but on the whole the work was an improvement of 100 per cent over the form displayed at St. Cloud.

The Little Falls team came up the river thinking they had the game cinched as they considered their eleven as strong as the St. Cloud team which had defeated Brainerd by such a decisive score.

However, before the game had proceeded very far, they realized they were bucking against much stronger opposition than they had anticipated, for the Brainerd backs tore through the line and skirted the ends for huge gains in the first quarter and before the first half had ended had scored two touchdowns.

The first score came after only five minutes of play. Little Falls kicked off to Day who returned fifteen yards. A forward pass, Carlson to Blake, netted 15 yards and after making their downs on line bucks, Carlson went over tackle for the first touchdown. He failed to kick goal. Just before the end of the first half Capt. Day carried the ball over for the second score. Carlson missed goal and the half ended with the score Brainerd 12, Little Falls 0.

In the next quarter the locals continued to gain consistently through the line and after several brilliant runs by Quarter Back Trent, Brooks carried the ball over for the final score.

The Little Falls team played much harder in the last two quarters and in the last period Capt. Dunphy made a beautiful run of 40 yards for a touch down. This ended the scoring and the final count stood Brainerd 18, Little Falls 6.

Capt. George Day played in the same sensational form that he has displayed in the other two games of the season. He made large gains through the line and around the ends of the opposing team, cleverly evad-

RAILROAD TAXES ARE DISCUSSED

Tax Commission Claims That Railroads
Are Not Taxed as High
as Other Property

QUESTION BEFORE VOTERS NOV 5

Amendment For Increase in Tax
From 4 to 5 Per Cent to be
Voted on at Election

In each of the two biennial reports which have been issued by the state tax commission attention is called to the fact that railroad property in this state is not taxed as high as other property.

The railroads at the present time, in lieu of all other taxes, pay into the state treasury annually 4 per cent of their gross earnings in this state. Under a wise provision of our constitution this tax cannot be diminished or increased without the approval of the voters of the state.

Having become convinced that the tax was too low the legislature at its last session passed an act submitting the question of increasing the tax from 4 per cent to 5 per cent to the voters of the state to be voted upon at the election next Tuesday.

The tax commission believes that the railroads, like all other taxpayers, are entitled to fair treatment—no more and no less, and that these taxes should not be increased unless the facts fully warrant it. In order therefore to make assurance doubly sure the commission, with the able assistance of Prof. E. V. Robinson of the department of economics of the State University, has just completed another investigation of the whole matter and find as a result that the proposed increase is more than justified by the facts.

Four per cent of the gross earnings of railroads in Minnesota in 1911 (the last year for which complete reports are at hand) amounted to \$3,670,760.25. The investigation by the tax commission shows that if all roads were assessed and taxed the same as other property they would be required to pay \$5,011,267.12; or \$1,340,506.87 more than 4 per cent of their gross earnings. In order to obtain this amount on the gross earnings it would be necessary to raise the rate from 4 to 5.46 per cent.

The foregoing figures are based upon the state's valuation of the railroad property with additions to date.

If the valuation allowed by the court in the rate cases, which was considerably higher than the state's appraisal, should be accepted as correct, the tax assessed against the roads, on the same basis as other property would be \$5,430,964.18; and the rate of gross earnings tax necessary to bring that amount into the state treasury would be 5.92 per cent.

If the valuation which the companies have themselves placed upon their property, which is still higher, should be taken as the basis of taxation, the rate of tax on gross earn-

are the genuine P. P. Stewart base burner. Ask any one who has ever used one and that is just what they will tell you. We have handled this stove for thirty years, have sold hundreds of them in the city and have yet to hear a complaint. If you need a base burner, don't make a mistake by buying some stove you know nothing about but get a Stewart. They cost no more than the poorer kinds and give the best satisfaction or you can send it back to us.

The Gem Stewart is the biggest bargain in base burners in the city. Full double heater, large fire pot, beautiful artistic trimmings. Only a few of these at \$29.00.

No house is too big for the splendid Stewart to heat. This is the most powerful heater manufactured. It has a 17½ inch fire pot and burns any size hard coal. It holds for 24 hours with ease.

They are priced at \$48.00 to \$55.00.

This heater is made in several sizes, from 13 to 16 inch fire pots. Has warm air attachment to heat upstairs rooms. A beautiful stove for any house at \$50.00.

We give the most liberal credit to be had in the City of Brainerd. We will take your old stove in partpayment on a new one.

We are Sole Agents for the Wonderful Cole's Hot Blast and carry a complete line of them at \$12 to \$35.

PASTOR RUSSELL AT
ILLINOIS STATE FAIR

Honor to the Son Means Honor
to the Father Also.

Work of Calvary Progressing, but Far
From Finished—Selection of Elect
Church the Beginning—Not the Com-
pletion, of the Divine Purpose.

Springfield, Ill., Oct. 6.—Pastor Russell arrived yesterday, the guest of the State Board. In his evening address the text was taken from Philippians II, 10, 11: "At the name of Jesus every knee shall bow and every tongue confess."

Pastor Russell drew attention to the fact that for half a century the world has been undergoing a most marvelous revolution along the lines of increase of knowledge. He referred briefly to the share of Illinois in this onward march of intelligence. This, he said, is plainly manifest at this Fair in the wonderful display of labor-saving devices, etc.

He remarked on the school exhibitions and what they indicate of the progress of general knowledge even amongst the young. He remarked also on the improved breeds of live-stock, poultry, etc. This progress belongs to the last fifty years. The fruits and vegetables also, he declared, remind one of Paradise and lead us to wonder if there could have been more nearly perfect fruit and vegetables there.

These things are corroborative of the Bible testimony that we are at the threshold of a glorious Epoch, called in the Scriptures The Reign of Christ for a Thousand Years. Our blessings are the foregleams of coming blessings, which, undoubtedly, will be many-fold greater. The Scriptures, he declared, tell not only of the Six Great Days of the Reign of Sin and Death (each day 1,000 years), but also of the Great Seventh Day of 1,000 years—the Sabbath of rest from toil and sweat of face, the rolling away of the Curse and the pouring out of God's blessing.

So accustomed have we become to the Reign of Sin and Death that many incline to think it the normal condition. But not so. There is no sin in heaven, and the Bible explains that there will be no evidences of the curse on earth at the close of Messiah's Reign. Father Adam's disobedience and sin brought the curse, "Dying thou shalt die."

"In God's Due Time." Long ago the Omnipotent One could have bound or have destroyed Satan and all rebellions to the Divine arrangements. On the contrary God has permitted evil as a great lesson, until He shall be ready to establish His Kingdom. The foundation of all the coming blessings rests upon the sacrifice of Jesus at Calvary. But the first direct result has been the gathering of the Church, the Elect, from every nation and denomination. These perfected in the First Resurrection, will constitute the Kingdom class, associated with the Redeemer in His glorious work of the future.

Many of us have not appreciated the work of Christ in full; we thought that He died merely to assist the Church. As the Apostle says, He is indeed the Satisfaction for the Church's sins, "and not for ours only, but also for the sins of the whole world." (1 John II, 2.) His Church will be His associates in His great work of blessing all nations, kindreds and peoples for whom He died, "the Just for the unjust."

The marvels of our day are merely the foregleams of this Thousand-Year-Day of Messiah's Reign. But we must not expect all the good things that God has promised just yet. Human pride will first be brought low; injustice will first have a great punishment—"a time of trouble such as never was since there was a nation."—Daniel XII, 1.

The lifting of the veil of ignorance has been delayed until now because the effect of the knowledge in an un-sinced heart is to bring discontent. This is the meaning of the restless condition of the world today, which is leading on to anarchy. God graciously withheld the light until now, so that the time of trouble resulting may be duly checked by His Kingdom, which is about to be set up, and for which we have so long prayed. "Thy Kingdom come; Thy will be done on earth."

"Every Knee Shall Bow." As Messiah's Kingdom shall progress in its establishment, darkness, ignorance, superstition, will continue to yield before the light of the Sun of Righteousness, until the whole earth shall be filled with the knowledge of God, until the True Light shall lighten every man—until there shall be no need for one to say to his neighbor, Know thou the Lord, for all shall know Him. In that glorious Day the world will have abundant opportunity, not only for knowing, but also for coming to obedience. The Redeemer will be the Helper, the glorious King, to reign and rule, and the glorious Priest, to instruct and uplift; and the Church will be His associates and joint-heirs. The world will then get the great blessing of human Restitution and uplift, and all who refuse shall be destroyed in the Second Death. Then will come to pass the promise of our text, that "Every knee shall bow and every tongue confess, to the glory of God."

\$80,000,000.00 Lost Annually By
Wage Earners
Dr. Sadler estimates that about \$80,000,000.00 in wages is lost annually to the American people as a direct result of colds. Lost time means lost wages and doctoring is expensive. Use Foley's Honey and Tar Compound promptly. It will stop the cough, and heal and soothe the sore and inflamed air passages. For sale by H. P. Dunn. mwf Adv.

Hops in England.
The English were taught the uses of hops by a native Artois, who introduced them into England in 1524. They met with some hostility, for physicians represented them as unwholesome, and parliament was petitioned against them as a "wicked weed." In 1528 their use was prohibited under severe penalties. Henry VIII. appears to have been prejudiced against hops, for in a manuscript dated Eltham, January, 1530, occurs an injunction to his brewer "not to put hops or brimstone" into the ale.

Antoine Deloria, postmaster at Garden, Mich., knows the exact facts when he speaks of the curative value of Foley Kidney Pills. He says: "From my own experience I recommend Foley Kidney Pills, as a great remedy for kidney trouble. My father was cured of kidney disease and a good many of my neighbors were cured by Foley Kidney Pills." For sale by H. P. Dunn. mwf Adv.

Baby Girl Shot to Death.
Antigo, Wis., Oct. 28.—Libby, the two-year-old daughter of Mr. and Mrs. John Nowak, was accidentally shot to death by Joseph Burish, the eleven-year-old son of Mr. and Mrs. Burish of the town of Ackley. The boy was playing with a loaded shotgun.

Mrs. J. N. Hill, Homer, Ga., has used Foley's Honey and Tar Compound for years, and says she always recommends it to her friends. "It never fails to cure our coughs and colds and prevents croup. We have five children and always give them Foley's Honey and Tar Compound for a cold, and they are all soon well. We would not be without it in our house." For sale by H. P. Dunn. —Adv.

TO HONOR FILIPINO HERO.

Monument to Jose Rizal to Be Erected in Manila.
A monument to liberty, the work of Herr Kissling, the well known Swiss sculptor, will be erected in Manila to the memory of Jose Rizal, the national hero of the Philippines. The monument is an excellent piece of work and the principal figure represents Rizal himself. The work was completed some time ago, but the sculptor awaited the coming of an American commission to examine it before starting his masterpiece on the long voyage to the Pacific. The cost of the undertaking, including its transportation and erection in Manila, it is stated, will be more than a million dollars.

8,685 CASES OF HOOKWORM.

Developed From Jan. 1 to Sept. 30 in Twenty-two Counties in Alabama. From Jan. 1 to Sept. 30 8,685 cases of hookworm were observed in twenty-two counties in Alabama. From July 1 to Sept. 30 the greater number were treated, 3,351.

These results are shown in the report of Dr. W. W. Dinsmore, state supervisor for the Rockefeller commission, engaged in the work of eradicating the dread disease.

Most of the patients were treated in the dispensaries established by the commission. My wife arose from her bed one morn. She arose with an aching head; How well I'd been, she said to me, If I'd taken Hollister's Rocky Mountain Tea. H. P. Dunn—Adv.
